TUESDAY ALIVE— August

The best laid plans sometimes need to go to Plan B. That's what happened at Tuesday Alive, August 11.

Bob Wyble was slated to bring travelogue pictures and stories from South Africa.

No matter how much they tried, including a call to a vacationing Bob Heine, John, Debbie and Bob could not get the projector working. The travelogue is rescheduled for October 13.

Plan B was a sing-along with Evie Hershey and Cheryl Eshleman.

For the last few minutes, John asked Bob about his background. What a life of varied experiences. Bob was a high school biology teacher, an assistant principal at Warwick, pitched for a fast-pitch baseball team, and then a world traveler.

A generous and much appreciated lunch of chili, potatoes and the trimmings was served.

Planned for next month, September 8, is a bus tour to the Star Barn in Elizabethtown, including a train ride, and lunch at an Amish home.
